Meeting-5

A meeting was held on 31.08.2021 from 3pm regarding feedback forms. All the members were present.

Analysis:

This year we introduced the feedback system online through Google forms. From the students feedback, we have constituted the idea that, overall, the students of our college have a high level of satisfaction of teaching learning, infrastructure, academic ambience and student support.

As 91.8% of our students are very glad with the completion of the syllabus during lockdown through online mode, team IQAC decided to encourage the teachers to enhance themselves in these fields.

The students have high demand of library books. We have decided to place this issue in front of the Governing Body of the college. We require fund for purchasing books. We also decided to go for N-LIST subscription from next session.

As this year went fully online, we could not be able to improve our infrastructural condition. But we hope that we will definitely rectify the present situation of some sectors of college like washrooms and college canteen.

****This resolution can be treated as 'Action Taken Report' on the basis of the analysis of feedback reports.**

Action Taken Report-2020-2021

1. Online feedback system for the students has been implemented successfully.
2. A new routine was initially prepared at the starting of the academic session for the online classes during the pandemic period. Later on, more flexible time-charts were distributed among the students of each department on the basis of their requirements.
3. A committee was formed to execute the online examination properly.
4. The students were fully guided by their teachers through different lectures, presentations, and webinars about the usage of different online learning tools.
5. Teachers have enhanced themselves after a long discussion on the performance appraisal reports submitted by them to IQAC.
