

Description of the ICT enabled tools for effective teaching-learning process :

1. The college IQAC has introduced its own youtube channel at the time of pandemic where all the webinars were uploaded.
2. One of our faculty members has created his website where necessary study materials, PPTs, e-books, model questions and other information are available.
3. The faculties used Google Meet, Zoom, even initially 'video calls' to take classes at the time of lockdown.
4. Some of the teachers used Google Classroom to send study materials thoroughly.
5. The faculties took the help of some teaching tools like 'testmoz', 'mentimetre' to evaluate the continuous examination procedure.
6. One of our teachers has created his own youtube channel where teaching lessons are available for our students.
