From Principal's Desk

Udaynarayanpur belongs to the ancient state of Bhurishrestha Kingdom and it has a rich heritage which we always remember. Keeping in mind the history and tradition of this locality it is our sustained endeavor to improve the standard of higher education in our institution. Despite financial stringency, infrastructural problems and shortage of faculties, we have shown courage for accreditation by NAAC (National Assessment and Accreditation Council) in 2006.

After being successfully accredited by NAAC, we are looking forward to work on improving the quality of our students. We like to see that our students achieve basic communicative skills and acquire knowledge on subjects of their own. Modern teaching aids and methods are being introduced to adapt the teaching staff and the students with the modern pedagogic technology. A 'virtual classroom' has been set up with the initiative and financial assistance of the Higher Education Department of State Government.

We have arrangements for 'power point presentation' of class lectures through LCD projectors in our classroom. Internet facilities have been provided to a section of the students. We have plans to provide free Wi-fi space in the college campus, so that each student and faculty member has access to internet connection. We are constantly working for larger use of Information and Communication Technology (ICT) in the Institution. The process of digitizing library books has been undertaken. We hope it would help our students immensely.

The introduction of B.Sc. course has opened up a great opportunity for the students of this locality. From the current academic session we are going to offer a variety of subject combinations in B.Sc. (General) course with subjects from Pure Science Group, Home Science Group and Humanities/ Arts Group.

We are always looking forward to create all kinds of opportunities and facilities for the development of body and mind of our students. There is a well equipped and well furnished Multi Gym in the College. Students are trained under the guidance and supervision of an expert trainer. We invite all the students and the staff to enroll their names in the gym.

The entire college campus is environment friendly. Saplings and trees are planted regularly. It is our mission to make this institution a place of proper learning. What we need is co-operation from all stakeholders, like guardians, students, staff, alumni, academicians and well-wishers for all-round progress of this institution.

About The College

Udaynarayanpur Madhabilata Mahavidyalay started its glorious journey in the 2006 on the auspicious day 25th July, 2006 with auspice of Udaynarayanpur Zamindar family, the contribution of which family will remain fit to be remembered for ever for their contribution to this college as long as this college exists. This college is named after Madhabilata Devi, the famous 'Zanindar Ginni' who is specially known for her glorious nature of patronizing education and whose memory flashes in our mind when we enter our college to see her statue at the entrance of the college building. This college first started its austere journey in Bireshwar Balika Vidyalaya. Afterwards it gains its autarky. This new college building was erected on the bank of river Damodar in abundance of natural greenery and scenery. It is a co-educational, Government aided college affiliated to the University of Calcutta and of late it has also been accredited by NAAC. The untiring, assiduous and whole hearted endeavour on the part of the teachers to serve the needs and demands of the inquisitive, enthusiastic students has to be mentioned here. Apart from this, in this connection it has to be mentioned that intrepidity and tireless effort of college authority to upgrade the discipline of the college is really praiseworthy. The non-teaching employees of this college are also persisting and generous in providing their support and assistance to develop the college. It is also very pertinent to mention here this college is going to introduce e-classroom invigorate better understanding on the part of the students. Moreover in this college one can avail and utilize well-equipped laboratories, expansive library along with quite reading room and capacious classrooms. In this college students also have the opportunity to refresh themselves by using common rooms, greensward and canteen. Thus this college is progressing inexorably to a heightened sublimity.
